MESSAGE FROM PRINCIPAL'S DESK

Dear students

learning is a life long process. Learning is not a process limited to schools and colleges only ,nor does it end with the conclusion of once school career. School education is oriented to the total formation of a child and make the students adaptive to various methods suiting the dynamics of changing world in order to achieve common goals and objectives. This is my message to you all that the primary classes are meant to be the solid base of the education so this is the time to gear up after the two years of COVID when learning process faced so many challenges. Now tie hands together(teachers and students) to overcome all the shortfalls and impediments of learning.

“ You all are gifts of god to you so make best version of yourself.”

Warm wishes.
